## Euro Micro, location, participants:

02./03. 05 Euro Micro, Zülpich,

15./16. 10 Euro Micro, Platte Taille,

## World Championship, location, participants:

Russia, 6 Polish Boat

## Main actions of the year:

PTRKM organised in 2016 seven events from Polish Cup cycle of Regatta. 24 teams started there, 3 of them came from Slovakia. One new polish team has appeared in 2016. Our polish teams took also part in Euro Micro Regatta and World Championship in Russia. Unfortunately, we had 25% less number of crews comparing with the year 2015. We also didn't built any new boats in 2016. However, we observed that our crews have migrated on upper divisions inside the class. Additionally, a part of our teams developed their skills by training with qualified coaching staff. Previous class management resigned in the middle of the season 2016, after they had led the Micro class from 2013. In October 2016 general meeting of the Micro Class Company elected new management for season 2016/17.

## Next year projects:

We will develop our class by adding new yachts and activate crews which didn't start in 2016. We want to prepare team to starts in World Championship in 2017 and 2018 by organizing open trainings to raise our abilities. We also change localization of regatta events to increase number of viewers. We want to be more popular. We are the host of World Championship 2017 so we want to prepare it the best we can. We try to obtain new, bigger sponsors. The most important for us is participation more number of boats in bigger amount of Euro Micro Regatta.
