

## Micro Class Country Report

Country: SLOVAKIA

Year: 2018

### Contact details National Board:

Michal Kelemen

michal@yachttravel.sk

+421903308133

### Resources:

Number of boats: 8 active boats

Number of new boats in 2018: 1 - cruiser flyer

### Activities in season 2017 in Slovakia

We organize 4 Micro regattas in Slovakia:

Micro cup1, location Kralova, period: 5.5.-8.5.2018

Euro Micro Slovakia, location Liptovska Mara, period: 29.6.-1.7.2018

Slovak championships Micro class, location Domasa, period: 21.-23.9.2018

Micro cup Zilina, location Zilina, period: 13.-14.10.2018

### Activities abroad in season 2018 - participation on World cup

Michal Kelemen (Vampire): Poland (7th place)

This year we organize 4 micro regattas in Slovakia, the first regatta was connected with two days of training/hiring new members to Micro class Slovakia, with very good results. I can very recommend to other countries, to organize trainings at the beginning of season. Some theory first - tactics, starts, trim, anything what is needed for teams. After theory some practice on the water: starting line, tacks... In the evening again some feedback from the water and consultations.

Our main focus is preparation for next year - World Championships 2019 in Slovakia. This year we tested new marina for Euro Micro, the place where Micro Worlds 2019 will take place. Webpage for Micro Worlds 2019 is: <http://microworlds2019.org>, already registered over 10 teams for the event.

For next season we do not plan organize Euro Micro in Slovakia, only Micro Worlds. We are collecting boats for charter for Micro Worlds 2019, because we have feedback from other countries, that some teams would like to participate in Slovakia, but they prefer to rent a boat. That is why I would like to ask all Micro countries close to Slovakia for information, if you have any boats, available to rent for this event.
